ZAINAB ANSELL

FOUNDER & DIRECTOR
ZARA TANZANIA ADVENTURES,
ZARA CHARITY

Ms. Zainab Ansell, a towering female tour operator, has been named among Tanzania's top executives who performed well among peers in the corporate world amidst the COVID-19 pandemic.

Ms. Zainab is the founder and CEO of the Tanzania-based ZARA Tanzania Adventures, founded and established in 1986 in the Moshi, Kilimanjaro region, and she is single handedly struggling to address historic injustice compounded by oppression and exploitation towards women in Northern Tanzania's Maasai community.

In 2009, the company launched ZARA Charity, giving back to marginalized communities in Tanzania and making its footprint in the global movement for sustainable tourism development. The charity addresses health care, education, unemployment, and women and children' challenges. ZARA has impacted thousands of lives in Tanzania, directly employing 1,410 people on both a permanent and seasonal basis, sustaining thousands of families in a country with a relatively high unemployment rate.

ZARA has also been widely recognized for its efforts in promoting Sustainable Tourism Development in Africa, with Zainab being a multi-award winner, having received over 13 local and international awards. Among them include the World Travel Market (WTM) Humanitarian Award and the Business Entrepreneur of the Year Award (2012), the iconic Tourism for The Future Awards (2015), and African Travel Top 100 Women.

Ms. Zainab has been recognized and awarded for being the Most Influential Women in Business and Government by CEO Global for her achievements in East Africa's Tourism and Leisure Sector 2018/2019 during the CEO GLOBAL Pan African Awards, and Tanzania National Parks has also recognized ZARA Tanzania Adventures as the East African country's best Tour Operator (2019).

ZANZIBAR LEISURE Holidays

Zanzibar Island

Located in the Indian Ocean 15 miles off the coast of Tanzania, is a breathtaking spot to escape from the world.

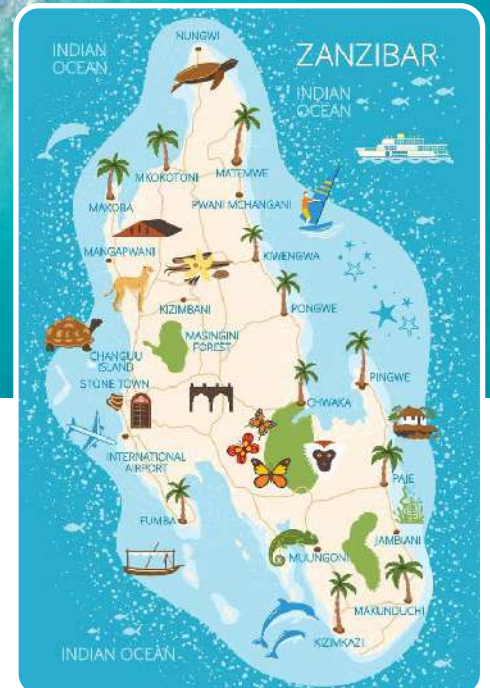

You'll enjoy clear turquoise-blue water, shallow sandbars perfect for wading and many small nearly deserted

islands, virtually unvisited by tourists.

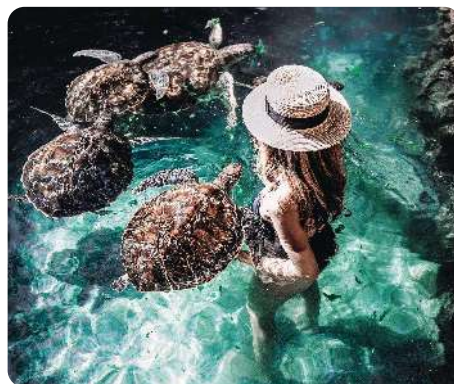

Explore the World Heritage Site of Stone Town, Zanzibar City's old quarter. Or just go beach to the beach

between tiny fishing villages each one's better than the next

SERENGETI SAFARI LODGE

Bush Breakfast, Bush Lunch and Walking Safari

📍 *Serengeti National Park - Tanzania*

Bush Lunch & Bush Breakfast

Typically, the Serengeti bush lunch/breakfast takes place at a scenic location on the plains. Or it can occur at our own dedicated bush lunch/breakfast site, which stands high on a hill overlooking the Serengeti Plains. Timed to coincide with the best viewing of the wild animals, the bush Lunch/Breakfast will commence either with a game drive or a short stroll to our hilltop site.

Arriving at the chosen location with fabulous views across the plains, you will find that tables and chairs have already been set up. In addition after bush lunch and evening game drive a Fire born, lanterns, Maasai dance and a Maasai kitchen await you.

During the Bush lunch the choice of meat, fish and poultry will be supplemented by vegetarian choices, salads, fruit and desserts from the set buffet. Also, a full safari bar will be provided before and after the bush lunch. Minimum No of Pax 4

Serengeti Safari Lodge Walking Safari

Starts from 1600 hrs, Up to 1800Hrs, walking towards the hilltop for a nice viewing of landscape and Serengeti wildlife, with your walking guide and an armed ranger, there are high chances of meeting the African elephants, buffalos, wildebeests, lions and more. Learn some medicinal trees, geographical features, insects, etc., learn about the history of the Serengeti national parks. Guests will have a chance seeing the sun setting in the African sky and served with drink of their choice at extra cost. Minimum No of Pax 4

NB: Bookings should be made before the arrival Date.

ZARA
TANZANIA CHARITY

www.zaracharitytanzania.org

The Organization

history

ZARA Charity is a non profit organization founded in the year 2009 with certificate number 00NGO/00003212 registered under the organization Act of United Republic of Tanzania. ZARA Charity was founded by Ms. Zainab Ansell the director of ZARA Tanzania Adventure who initiated the charity as a part of the global movement for sustainable tourism development; giving back to the community in collaboration with her network of travel industry partners, organizations, travellers and global citizens who are interested in reaching out and supporting marginalized communities in Tanzania.

vision

- To support marginalized groups in society such as orphans, women and underprivileged people by providing them basic needs such as food, shelter, clothes and education.
- The organization also supports porters and guides who help tourists climb Mt. Kilimanjaro and Mt. Meru.

mission

- To ensure a positive outcome of tourism by benefiting and uplifting the host community.
- To support and empower disadvantaged and underprivileged within the community such as women, orphans, and underprivileged people by providing them with basic needs such as shelter & education etc.
- To ensure environmental conservation, social and economic development for the long term development and sustainability of the tourism industry with a focus on improving the host community's livelihood.
- To expand our projects impact globally.

objectives

- To enhance community sustainable development from our tourism activities
- To empower women and children economic performance.
- To improve the livelihood of the marginalized communities.

Projects

Mount Kilimanjaro cleanness Project

Every year ZARA Charity organizes volunteers trek of Mt. Kilimanjaro which involves porters, guides, staffs, sponsors, partners and locals. We all climb with the goal of picking up rubbish and other unwanted materials on the mountain.

This helps in preserving the mountain for current and future use. The impacts of this project have been successful; attracting environmental activists from around the world who also want to join this climb and clean Mount Kilimanjaro.

Maasai Pre School Project

It's well recognized that early education opportunities such as pre-school contribute to further educational development and enhance school achievement later in life. If Maasai children get pre-school opportunities where they can learn some Swahili, gain exposure to a classroom environment and learn basic skills they will be better prepared for primary school their families will be more supportive of formal education and the children will stay in school longer and do better.

Our dream project for now is Maasai pre-school the aim is to rise the necessary funding to construct a pre-school and to further develop the ongoing ZARA Charity and Partner projects. The purpose is to build more premises which will facilitate us to support more children.

This new pre-school will make a durable change to the lives of many children who are trapped by present circumstances and it will be sustainable long term project.

Tree Planting Project

ZARA Charity has had a tree nursery in Pasua where we grow trees and supply them in different areas within Pasua and beyond. Key beneficiaries of this have been Pasua Primary school.

Additionally, ZARA Charity organizes community meetings where we educate locals on the importance of trees, how to take care of them and what benefit will the current and future generations will get from the trees we plant.

Maasai Women Group

The maasai women group was started with an aim of supporting maasai women so as to liberate them from their traditional beliefs which are based on oppression, exploitation and subjugation of women within their society.

We employ them, we educate them on their roles, rights and responsibilities as women from family level, community level as well as national level as we know that women play a vital role in enhancing the communities economic development.

Moshi Kids Center

These institutions care for and educate orphans and children with difficulties in life, ZARA Charity supports these centers by catering them with all matters presented to the charity. From stationaries, clothes and sports equipments. Also ZARA Charity accepts volunteers from all over the world to help the children and support them.

Ocean Clean-up Project

ZARA Charity through its Foundation has chosen to make a difference by engaging in regular cleanup activities to stop any further damage caused by environmental degradation from human activity and promote the conservation

There's estimated to be 6.3 billion metric tons of plastic waste on Earth. By the middle of this century ton for ton, they'll be more plastic in the ocean than fish. While most of the micro-plastic collects or is peppered throughout the surface, a study probing creatures from the deepest parts of the ocean found that many if not most of the organisms there had ingested plastic

The Asali (Honey) Project

The Asali (Honey) project in Isirwa village was established in 2022 with 20 pilot beehives.

The project aims to support the ZARA Charity Primary school and Maasai women in the village by providing employment opportunities and a source of income through the production and sale of honey and beadwork products.

The project is managed by a local community-based organization in collaboration with ZARA Charity, a non-profit organization that supports education and community development in Isirwa Village.

“ZARA Charity plays a vital role enhancing community economic development especially by supporting vulnerable groups in the community such as orphans, Maasai women group and poor people such as porters who guide and help tourists climb Mt. Kilimanjaro and Meru through various community projects.”
